Mr. Larson,

Marine Forces Reserve (MFR) received the subject FOIA request. Although your inquiry isn't technically a request for documents (which is the purpose of FOIA), I have attempted to answer your question below.

Here is a link to the MFR Small Business page: <http://www.marforres.marines.mil/General-Special-Staff/RCO/Small-Business-Team/>

I have been informed that MFR does not have maintain a small business database where a vendor can log in and enter their information. However, normally if there is an interested vendor that wishes to do business with the Government they will send MFR their information along with their capabilities statement for future consideration. You can send an e-mail to Mr. Will Watts at will.watts@usmc.mil for more information.

Mr. Watts did want me to share the following website with you as well:

<https://www.sam.gov/portal/SAM/#1#1>

Registration in the System for Award Management (SAM) is required for all vendors that would like to do business with the Federal Government. If you are not already registered in the SAM site, your probably should take the time to do that.

Thanks, and good luck,
Maj Miller, USMCR
